

REMARKS/ARGUMENTS

With entry of this amendment, claims 1-68 are pending. Claims 24, 31, 32 and 34 are amended.

The amendments to the claims merely correct typographical or clerical errors. Specifically, punctuation was corrected, and periods were added to the ends of the claims. SEQ ID NOs were amended to correctly indicate the polypeptide of SEQ ID NO:105. No new matter is added.

Applicants respectfully request entry of this amendment.

A Sequence Listing on paper and in computer readable form was prepared in accordance with 37 C.F.R. §§1.821 to 1.825, and is submitted herewith. The Sequence Listing does not include new matter or matter that goes beyond the disclosure of the International Application.

The information contained in the computer readable disk was prepared through the use of the software program "PatentIn" and is identical to that of the paper copy of the Sequence Listing.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 415-576-0200.

Respectfully submitted,
